What is Weatherize?

Local Volunteer Team – supported by Vital Communities and Efficiency Vermont

Qualified Local Contractors – Building Energy & Vermont Foam Insulation

FREE Professional Consults and Quotes – Can otherwise cost \$400 or more

Great PRIZES – Sign up by May 31 and win up to \$2,500 (in addition to rebates) toward the cost of your project.

*According to Efficiency Vermont, the average cost of weatherization improvements in our region is **\$7,800** (before rebates, averaging \$1,500), resulting in increased comfort and **26%** average energy savings.*

*Made possible with
support from:*
