Truck Accident – Dyer Road

Selectmen reviewed information available about yesterday's truck accident. The old 2007 Sterling (chloride truck) slid sideways down an icy section of Dyer Rd, and was wedged crossways in the road with the plow hung up on a tree, one rear wheel in a ditch and the other off of the ground. The Road Foreman had reported the incident to the Selectmen's Assistant at approximately 9AM March 8th. Sabil & Sons had already been called for a tow.

No other vehicle was involved. Kevin Gish reported he stayed with the truck, while Deb Jones took the driver to a medical facility to be checked out. Once Sabil & Sons towed the truck out of the ditch, Tim Higgins was able to drive the truck as far as a pull off on Rte.132. There is a leak in the radiator.

The pre-trip report noted bald tires **and** worn out ice chains. This truck is not kept in the garage. It has been kept under cover with its bed raised. Kevin Gish has obtained photos of the vehicle at the accident site.

Executive Session – Personnel:

Kevin Gish made a motion to enter Executive Session at 4:15PM with the Finance Manager for the purposes of evaluating one or more employees. Mary Gavin seconded the motion and the motion passed 3-0-0.

Selectmen exited from exit executive session at 5:25PM. It was agreed the Board would schedule another special meeting in order to meet in Executive Session on Thursday, March 15, 2018 at 5:30PM.
