Subject: RE: Survey Open - Community Project Funding Requests

Hi Joseph,

Thanks for sending this along. I was able to connect with our leadership team this morning around our discussion yesterday. We would be very interested in learning ways to collaborate more with the selectboard and Sharon community. At this time, we would not be able to identify or commit to specific projects within the quick turnaround time for the RFP you shared. However we came up with some initial ideas you may be interested in discussing further:

- Community training on substance use and mental health prevention and intervention
- Educational series for supports, caregivers and loved ones of people with substance use and mental health issues
- Adult and Youth Mental Health First Aid trainings

Again, sorry we cannot be more helpful with the RFP you shared, but we are definitely interested in working together collaboratively.

Thank you,
Danielle Cayton MA/LADC

Subject: Survey Open - Community Project Funding Requests

Dear Municipal Officials,

Congressman Welch is pleased to inform you that the U.S. House Appropriations Committee has given each Member of Congress authority to nominate up to ten community projects for possible inclusion in the fiscal year 2022 appropriations bills.

You may suggest a project for Congressman Welch to nominate by completing the survey on his website, at <https://welch.house.gov/community-project-funding-requests>. **This survey will be open until Wednesday, March 31, 2021.** Unfortunately, no responses can be considered after the March 31st deadline.

Applicants should carefully review the guidance documents linked on the website to identify the accounts in the appropriations bill for which Members of Congress may nominate community projects. The applications must abide by the strict Appropriations Committee guidance to be eligible for consideration. This will be a competitive process and there are no guarantees that nominated projects will receive funding.

Please feel free to contact me if you have any questions.

Kind regards,

Rebecca Ellis

State Director

Office of Congressman Peter Welch (VT-AL)
