Prepared by the Town of Sharon

GENERAL OVERVIEW

The Town of Sharon is accepting proposals for the removal of the existing ramp at the Old Town Hall as well as the construction of a replacement ramp and some ventilation to the crawl space.

The Town also needs to regrade the exterior north and west sides of the building to redirect water away from the building which may be submitted as a Bid Alternative.

This Request for Proposals (RFP) includes the Body plus the following attachments incorporated herein:

- Attachment 1 Bid Form
- Attachment 2 Construction Drawings
- Attachment 3 Construction Permit

At its sole discretion, the Town may reject incomplete proposals submittals if, in its judgment, the submittal lacks information needed to effectively evaluate the proposal. Nothing in this Invitation to Bid implies a contractual obligation with any firm, nor will the Town reimburse costs for submittal preparation.

Instructions for Submittals

1. Proposals must be received on or before Monday, July 10th, 2023 at 2:00PM.
2. Proposals received after the deadline will be rejected and returned unopened.
3. Proposals may be emailed, mailed or hand delivered. Fax submittals will not be accepted.
4. Email proposals must be in PDF format and sent to selectboard@sharonvt.net
5. For mailed or hand-delivered proposals
 - a. provide two (2) sealed proposals
 - b. on the outside of sealed envelopes, please print:
“ADA-Accessible Ramp/Regrading - Old Town Hall “
Name of Contractor
Due date and time
 - c. **Mail to:** Town of Sharon Selectboard, PO Box 250, Sharon, VT 05065
 - d. **Deliver to:** Town of Sharon Selectboard, 15 School Street, Sharon, VT 05065

Questions? Concerns? Please contact us.

Bids Due	Monday, July 10 th at 2:00PM (bid opening to follow)
Award Date	Monday, July 17 th , 2023 (anticipated)
Start Date	TBD
Project Completion	November 30 th , 2024

SITE DESCRIPTION

The Old Town Hall is located at 24 VT-132 and is located next to the Congregational Church at the head of the Sharon Town Green.

The historic building is home to the Sharon Historical Society and Museum. The Museum includes a curated collection of Sharon’s Town Historical artifacts. The Sharon Historical Society is most active during the spring, summer and fall. The building is closed in winter due to the lack of heat.

The building is listed on the State Register of Historic Places and is an excellent example of a 1½ story, brick Greek Revival-style Town Hall built in the 1830s.

SCOPE OF WORK

BASE BID ADA-Ramp Removal and Replacement

Existing Ramp Removal

The work requires removal/disposal of the existing concrete and asphalt ramp while maintaining the integrity of the historic nature of the building. Ideally, work would be completed early spring or late fall to minimize interruption to the Sharon Historical Society events and programming.

- REMOVE EXISTING RAMP, CONCRETE/MASONRY FOOTINGS, AND FOUNDATION WALLS
- DO NOT DAMAGE BRICK FACADE DURING REMOVAL, USE HAND TOOLS IF NECESSARY
- IF ANY DAMAGE OCCURS OR IF MORTAR IS IN NEED OF REPOINTING UPON INSPECTION OF THE AREA AFTER REMOVAL, CONTRACTOR WILL USE HISTORICALLY ACCURATE MATERIALS AND TECHNIQUES FOR RESTORATION AS PER "[NPS Preservation Brief No. 2: Repointing Mortar Joints in Historic Masonry Buildings](#)"
- SALVAGE METAL GUARD AND RAILING FOR REINSTALLATION IF STRUCTURALLY SUITABLE
- SAW CUT EXISTING BITUMINOUS PAVING TO ACCOMMODATE NEW WORK. PROTECT EDGE DURING CONSTRUCTION
- COORDINATE EXACT LOCATION OF ALL DEMOLITION WORK WITH THE PROPOSED DRAWINGS.
- NOTIFY ARCHITECT PRIOR TO REMOVAL IF THERE ARE DISCREPANCIES IN THE DRAWINGS. CONTRACTOR SHALL NOTIFY THE ARCHITECT/OWNER OF ANY DIMENSIONAL DISCREPANCIES, CONDITIONS REQUIRING MODIFICATIONS, OR ADDITIONAL UNANTICIPATED DEMOLITION WORK, BEFORE PROCEEDING WITH THE RELATED WORK
- NOTES REFERENCE GENERAL ELEMENTS FOR SALVAGE OR DISPOSAL. VARIOUS OTHER ITEMS MAY OCCUR & SHOULD BE REMOVED TO ACCOMMODATE THE NEW CONSTRUCTION.
- CONTRACTOR SHALL MAKE AVAILABLE TO THE TOWN ANY MATERIALS OR EQUIPMENT LISTED FOR DEMOLITION, DISPOSAL, REMOVAL, ETCETERA. TOWN SHALL HAVE FIRST RIGHT OF REFUSAL ON ALL SALVAGEABLE ITEMS. OTHERWISE, DISPOSAL IS THE RESPONSIBILITY OF THE CONTRACTOR
- COORDINATE WITH TOWN & SCHEDULE IN ADVANCE INTERRUPTIONS OF ELECTRICAL, MECHANICAL, FIRE PROTECTION, PLUMBING, COMMUNICATION & OTHER SERVICES.

Construction of Replacement ADA-Accessible Ramp

In 2021, the Town of Sharon was awarded a matching Robert Sincerbeaux Fund grant from the Preservation Trust of Vermont to hire Studio Nexus Architects + Planners based in White River Junction Vermont. Studio Nexus Architects + Planners has prepared schematic designs and cost estimates for ADA-approved accessibility improvements to the Old Town Hall. Per the Vermont Arts Council funding requirements, the design has been reviewed by the Division of Historic Preservation, and the Town has received approval to move forward with construction.

The Contractor will commit to following the Studio Nexus design in the construction phase. Should changes be required, the Contractor will notify the Town and the Division of Historic Preservation. Deviation from the Studio Nexus design without approval from the Town is not permitted. All work shall meet the Secretary of the Interior's Standards for Rehabilitation.

Additionally, during the removal and installation of the new ramp, the Town is looking to create more ventilation to the crawl space. The solution recommended, based on a conditions report provided by Jan Lewandoski and funded in part by the Preservation Trust of Vermont, is to access the crawl space below the floor and "[p]ull out several of the smaller foundation stones, typically 1 ft. X 2ft., on all or several walls, and install wood frames with hardware cloth."

Exclusions

Contractors will notice the Studio Nexus drawings include a description of some interior repair work to remediate damage to the floor and support beams. No interior work, other than what is described to create ventilation to the crawl space, shall be included in the scope of work for this project and should not be included in any bids.

BID ALTERNATE: Earthwork/Regrading for Water Mitigation

The Town conducted inspections of the exterior of the Old Town Hall building to discover the source of water damage to the interior of the building. Upon inspection, there was visible evidence that the slope of the land has changed over time and dirt has settled. The current conditions are slowly damaging the stone foundation and have allowed water to seep into the building.

The Town is looking for proposals from qualified contractors for how best to regrade the area and redirect water away from the building without negatively affecting adjacent properties.

Based on a recent Conditions Assessment provided by Jan Lewandoski and funded by the Preservation Trust of Vermont, the scope of work recommended for the drainage on the exterior north and west sides of the building is as follows:

“The grade on the west and north needs to be turned into a swale, and drainage and gravel installed along the two sides, intercepting water from the NW. This drainage has opportunities to exit to daylight on both the NE and SW slopes.”

PERMITTING:

The Town has received the required construction permit issued by the Vermont Division of Fire Safety for the ADA-ramp removal and construction.

TERMS

Contractors shall furnish all supervision, technical personnel, labor, materials, tools, appurtenances, equipment, erosion control, staging, disposal sites and services, mobilization/demobilization, insurance, and services required to perform the Scope of Work as described in this RFP.

- The Contractor shall be responsible for verifying and determining all utilities (above and below ground) within the project limits and take necessary precautions to protect utilities during construction.
- The Contractor shall be solely responsible for repairing or paying to repair any damage to private or public property sustained during or as a result of construction activities to original condition.
- It is the Contractor’s responsibility to comply with all OSHA and VOSHA requirements, maintain a safe job site, and protect the safety of the public. All work performed by the Contractor shall comply with all federal, state, and local regulations and requirements.

No responsibility is assumed by the Town for omissions or duplications by the Contractor or subcontractors due to real or alleged error in arrangement of matter in specifications or in notes on the Design Plans.

The Town shall decide all questions which may arise as to the quality, quantity, acceptability, fitness and rate of progress of the several kinds of work and materials to be performed and furnished under the contract and shall decide all questions which may arise as to fulfillment of the contract on the part of the contractor. The Towns' determination and decision shall be final and conclusive as to any and all issues which may arise under the contract.

TYPE OF BID

Firm-fixed-price.

The Town has a fixed budget for the construction of this project and has been awarded matching grant funding through the Vermont Arts Council and the State of Vermont. There will be no requests made to the Town for extra compensation.

AWARD

The Town of Sharon does not obligate itself to accept the lowest or any proposal and reserves the right to reject any or all proposals, and to waive any formalities, informalities, and minor deviations in any proposal. Award will be made to the lowest overall responsive, qualified and responsible bidders.

INSURANCE REQUIREMENTS

The Contractor, and any subcontractors if not covered by the Contractor, shall maintain the following minimum coverages for the duration of the contract. The Certificates of Insurance provided to the Town shall name the Town as additionally insured party as its interests may appear. All policies shall be noncancellable without 30 days prior written notice from the insurance carrier to the Town.

Workers' Compensation: Workers' compensation insurance at minimum of \$500,000 for any one occurrence, in accordance with the laws of the State of Vermont and any other state in which it is performing the Contract Scope of Work.

General Liability Insurance: Commercial general liability written on an occurrence form with limits of not less than:

\$1,000,000 Each Occurrence

\$1,000,000 General Aggregate

\$1,000,000 Products/Completed Operations Aggregate

\$50,000 Damages for Premises Rented to You

Commercial general liability insurance shall cover liability arising from premises, operations, independent contractors, products-completed operations, personal and advertising injury, and liability assumed under an insured contract.

Automotive Liability: Automotive liability insurance covering all motor vehicles, no matter the ownership status, used in connection with the contracted project. Limits of coverage shall be in the amount required by any applicable state law.

Indemnification: The Contractor shall defend, indemnify and hold the Town harmless against: any injury, death, loss, suit or claim, including expenses and attorneys' fees arising from any negligent action or omission on the sole part of Contractor and its Subcontractors in connection with the project.

CONTRACTING

The Contractor, prior to being awarded a contract, shall apply for registration with the Vermont Secretary of State's Office to do business in the State of Vermont, if not already so registered. The registration form may be obtained from the Vermont Secretary of State, 128 State Street, Montpelier, VT 05633-1101, PH: 802-828-2363, Toll-free: 800-439-8683; Vermont Relay Service – 711; web site: <https://www.sec.state.vt.us/>. The contract will not be executed until the Contractor is registered with the Secretary of State's Office. The successful Contractor will be expected to execute sub-agreements for each subcontractor named in the proposal upon award of this contract.

Prior to signing the contract, the Contractor shall provide the Town with a completed W-9 form and provide up-to-date proof of Insurance Coverage in accordance with this Request for Proposal requirements for the Contractor and any subcontractor. The certificate of insurance coverage shall be documented on forms acceptable to the Town.

If the award of the contract aggrieves any firms, they may appeal in writing to the Town of Sharon Selectboard, PO Box 250, Sharon, VT. The appeal must be post-marked within seven (7) calendar days following the date of written notice to award the contract. Any decision of the Town Selectboard is final.

The cost of preparing, submitting, and presenting is the sole expense of the firm. The Town reserves the right to reject any and all proposals received because of this solicitation or to cancel this RFP in part or in its entirety if it is in the best interests of the Town. This Request for Proposals in no way obligates the Town to award a contract.

QUALIFIED DISADVANTAGED AND WOMEN OWNED BUSINESSES

Qualified disadvantaged (DBE) and women (WBE) owned businesses are encouraged to submit proposals. Sharon is an Equal Employment Opportunity employer.

PROPOSAL REQUIREMENTS

A responsive submittal must include:

- Completed Bid Form
- Certificate of Insurance
- W-9
- Technical Proposal

BASE BID PROPOSAL

The proposal will include:

- Plan for removal and disposal of the existing ramp
- Implementation timeline, including project start date and completion dates
- Three professional references
- Identify at least two projects with similar historical preservation requirements successfully completed
- List of subcontractors, if any
- Additional photos/narratives/descriptions may be included with the proposal as needed

BID ALTERNATE PROPOSAL:

Contractor shall submit a proposal in writing, with sketches/concept drawings, explaining their solution for redirecting water away from the north and west sides of the building.

PROPOSAL EVALUATION

Proposals will be evaluated considering the following weighted criteria:

Criteria	Maximum Points	Weight	Total
Character, integrity, reputation, experience, and performance under previous contracts with municipality and/or elsewhere	5	4	20
Quality of the response in meeting historical specifications and other terms and conditions of the RFP	5	4	20
Ability, capacity, and skill to provide services require and to do so within the time specified	5	4	20
Total cost for removal and installation	5	5	25
Reasonableness of proposed schedule	5	3	15

BID FORM

ADA-Accessible Ramp for the Old Town Hall

The undersigned proposes to provide all services necessary to perform all work in accordance with the design provided by Studio Nexus included with this RFP. The undersigned’s proposal for the lump sum price as follows:

Firm Fixed-Price Base Bid: Ramp Construction and Ventilation

Removal and Disposal of existing ramp:	\$
Labor (construction):	\$
Equipment (construction):	\$
Materials (construction):	\$
Base Bid Total:	\$

Firm Fixed-Price Bid Alternate: North and West Side Drainage

Labor:	\$
Equipment:	\$
Materials:	\$
Bid Alternate 1 Total:	\$

DELIVERY DATE AND ACCEPTANCE If awarded this contract within thirty (30) days after the time set for the opening of bids, Contractor agrees to provide work and materials as proposed without escalation of prices, and to complete installation by November 30th, 2024.

Respectfully Submitted,

GENERAL NOTES

- A. ALL WORK SHALL BE DONE IN ACCORDANCE WITH THE CURRENTLY ADOPTED EDITION OF ALL APPLICABLE NATIONAL, STATE, AND LOCAL BUILDING & ZONING CODES AND IN ACCORDANCE WITH THE CURRENTLY ADOPTED EDITION OF ALL APPLICABLE CONSTRUCTION STANDARDS IN THE JURISDICTION OF THE BUILDING.
- B. CONTRACTOR SHALL FIELD VERIFY ALL DIMENSIONS & ELEVATIONS SHOWN FOR, OR TO EXISTING CONSTRUCTION PRIOR TO FABRICATION OR NEW CONSTRUCTION. DO NOT SCALE DRAWINGS. PLEASE NOTIFY STUDIO NEXUS, ARCHITECTS + PLANNERS OF ANY DIMENSIONAL DISCREPANCIES IMMEDIATELY. ALL EXISTING INTERIOR & EXTERIOR DIMENSIONS ARE TO THE FACE OF FINISHES. ALL NEW INTERIOR & EXTERIOR DIMENSIONS ARE TO FACE OF FRAMING UNLESS OTHERWISE NOTED.
- C. ALL MATERIALS, EQUIPMENT AND COMPONENTS SHALL BE NEW AND OF GOOD QUALITY.
- D. WHERE EXISTING CONSTRUCTION , WALLS, OR FINISHES ARE REMOVED, ALL DISTURBED SURFACES TO REMAIN EXPOSED ARE TO BE PATCHED TO MATCH ADJOINING SURFACES. DISTURBED SURFACES TO BE COVERED WITH NEW FINISHES SHALL BE PATCHED AND PREPARED TO RECEIVE NEW FINISHES.
- E. WHERE EXISTING MATERIALS OR SYSTEMS ARE TO BE REUSED IN NEW CONSTRUCTION OR ARE TO REMAIN IN PLACE, PROTECT SUCH MATERIALS AND SYSTEMS SO THAT THEY MAY BE CONTINUED IN OR RETURNED TO NORMAL SERVICE. RESTORE ANY EXISTING WORK DAMAGED BY THE OPERATIONS OF THE CONTRACTOR TO THE LEVEL OF SERVICEABILITY WHICH EXISTED BEFORE THE DAMAGE OCCURRED.
- F. PROVIDE BLOCKING AND FIRE-STOPPING TO MEET ALL APPLICABLE CODES. PROVIDE SOLID BACKING AND WALLS AND CEILINGS TO RECEIVE MILLWORK, TRIM, LIGHT FIXTURES, PROJECTORS, ACCESSORIES, OR OTHER SURFACE MOUNTED ITEMS.
- G. NOTES AND SYMBOLS ARE TO APPLY AT ALL AREAS OF SIMILAR GRAPHIC REPRESENTATION. SUCH INDICATIONS MAY BE LIMITED TO PROMOTE CLARITY OR AVOID REDUNDANCY. NO LIMITATION OF APPLICATION SHALL BE CONSTRUED WITHOUT SPECIFIC NOTATION.
- H. EQUIPMENT AND APPLIANCES ARE SHOWN FOR REFERENCE ONLY (DASHED OR GRAY), THE GENERAL CONTRACTOR AND DESIGN/BUILD CONTRACTORS SHALL COORDINATE ALL OWNER EQUIPMENT AND APPLIANCE SIZES AND SPECIFICATIONS, PRIOR TO PERFORMING WORK AT THESE AREAS, FOR PROPER INTEGRATION INTO THE ARCHITECTURAL PLANS. PROVIDE SOLID WOOD BLOCKING IN THE WALLS TO ACCOMMODATE ANTICIPATED LOADS. NOTIFY ARCHITECT OF ANY DISCREPANCY WITH THE PLANS BEFORE PROCEEDING WITH THE WORK.
- I. WORK NOT SHOWN ON THE PLANS IS NOT PART OF THE ARCHITECTURAL SCOPE OF WORK. THE CONTRACTOR SHALL COORDINATE SCHEDULING WITH THE OWNER TO ENSURE TIMELY INSTALLATION BY THE OWNER OR OWNER'S VENDOR. INTEGRATE SYSTEMS TO BE CONCEALED AND COORDINATE ROUTING AND CHASES WITH THE ARCHITECT.
- J. REPAIR FINISHES AFFECTED BY INSTALLATION OF THE STRUCTURAL MECHANICAL, ELECTRICAL, PLUMBING. MATCH THE EXISTING ADJACENT SURFACES AND APPEARANCE, REPAIR/REPLACE ANY AND ALL DAMAGED ITEMS.
- K. CHECK ALL DIMENSIONS AND DETAILS FOR OVERALL ACCURACY APPROPRIATE TO THE LOCAL CONDITIONS. THE FINAL SELECTION OR SUBSTITUTION OF MATERIALS CAN CREATE VARIATIONS IN DIMENSIONS AND DETAILS OF THE FINISHED PRODUCT AND MUST BE CAREFULLY COORDINATED. FOR EXAMPLE, IF STANDARD LUMBER JOISTS ARE USED IN PLACE OF ENGINEERED FLOOR JOISTS, THE FLOOR-TO-FLOOR DIMENSION WOULD REQUIRE REVISED STAIR DIMENSION AND FRAMING. CHANGES DUE TO SUBSTITUTIONS ARE THE RESPONSIBILITY OF THE CONTRACTOR.
- L. ALL MANUFACTURED ITEMS, MATERIALS, AND EQUIPMENT SHALL BE APPLIED, INSTALLED, CONNECTED, ERECTED, USED, CLEANED, ADJUSTED, OPERATED AND CONDITIONED AS DIRECTED BY THE MANUFACTURERS. ALL MANUFACTURERS' INSTRUCTIONS SHALL BE FOLLOWED TO SUSTAIN AND PRESERVE ALL EXPRESSED OR IMPLIED WARRANTIES AND GUARANTEES.
- M. NAMES OF MATERIALS AND MANUFACTURERS SHOWN ON THE CONSTRUCTION DOCUMENTS DO NOT REPRESENT AN ENDORSEMENT OR RECOMMENDATION BY STUDIO NEXUS, ARCHITECTS + PLANNERS. FINAL SELECTIONS OF MATERIALS ARE THE RESPONSIBILITY OF THE OWNER AND/OR BUILDER, INCLUDING, BUT NOT LIMITED TO PROPER INSTALLATION OF MATERIALS, NAILING, GLUING, CAULKING, INSULATING, FLASHING, ROOFING, WEATHERPROOFING AND MANY OTHER SMALL ITEMS AND DETAILS NOT NECESSARILY INDICATED ON THE CONSTRUCTION DOCUMENTS, AND OVER WHICH STUDIO NEXUS, ARCHITECTS + PLANNERS HAS NO CONTROL OR RESPONSIBILITY.

FLOOR AND GRADE TRANSITIONS BETWEEN 1/4" AND 1/2" SHALL BE PROVIDED AS SHOWN BELOW. TRANSITIONS GREATER THAN 1/2" SHALL HAVE THE LEADING EDGE PROVIDED AS SHOWN BELOW AND RAMP NO GREATER THAN 1:12 FOR 6" MAX.

The application and submittals for the above project have been reviewed, and the permit is **Approved**. This approval applies only to the information listed on the drawing and specifications that have been submitted, and does not apply to any violations found on site during field inspections. The project may proceed provided the work is done in compliance with the 2015 Vermont Fire and Building Safety Code, the plans submitted to this office, **and the following CONDITIONS:** (Boxes with check marks)

- The 2015 NFPA 1 Fire Code, 2015 NFPA 101 Life Safety Code and 2015 Vermont Fire and Building Safety Code will apply to this project.
- Structures undergoing construction, alteration, or demolition operations, including those in underground locations, shall comply NFPA 1 Chapter 16, and NFPA 241, Standard for Safeguarding Construction, Alteration, and Demolition Operations.
- The building must meet or exceed the accessibility standards for new construction and the alterations incorporated in 28 CFR Part 35 and 36, The 2010 ADA Standard for Accessible Design, as amended in 20 VSA chapter 174 and the Vermont Access Rules.
- The 2017 Vermont Electrical Safety Rules apply to this project. An electrical work notice shall be obtained and all work inspected for all projects. All work shall be done by a Vermont Master Electrician with the exception of 1 & 2 family dwellings.
- The 2015 Vermont Plumbing Rules will apply to this project. All work shall be done by a Vermont Master Plumber who has obtained a plumbing work notice before starting any work.
- All existing fire protection systems shall have current TQP inspection prior to occupancy / final inspection.
- See page two of this permit for other conditions of construction.

It is the responsibility of the applicant to contact the above inspectors to set up a schedule of inspections at the start of the project. Final inspections shall be conducted by all trades prior to use or occupancy.

CONSTRUCTION PERMIT LETTER & POSTER

Modification & Renovations under \$200,000.00

Conditions

- 1 Work shall comply with NFPA 1, Safeguards for construction.
- 2 The new ramp shall be constructed in accordance with the plans submitted for review.
- 3 Any new electrical will require a VT licensed electrician who has filed an Electrical Work Notice.

This Construction permit shall be posted at the building site in a conspicuous location open to public view.

This permit does not include any of the additional required permits as listed above, such as plumbing, electrical, etc., which are required to be submitted by the respective trades. It is the responsibility of the permit applicant to see that all subcontractors have their respective work notices.

This letter has been sent to the applicant only. It is the responsibility of the applicant to ensure that a copy of this letter is distributed to all applicable parties, as well as ensure that a copy be available at the job site. It is the applicant's responsibility to coordinate inspections with the respective trades. Appointments with the inspector listed below shall be made prior to occupying, or reoccupying any building, or portion of any building, or use of any fixed equipment affected by the work permitted above. At the time of the final inspection and prior to the issuance of a certificate of occupancy, the field inspector will verify that the proper permits and work notices have been obtained.

This permit does not satisfy the requirements of local municipalities. You must contact local authorities to determine those requirements. Any change to the project, such as change orders or addendums, must be submitted to this department for approval. This permit expires after twelve (12) months unless commencement of the project has begun and remained continuous.

Jay Moody - Assistant State Fire Marshal
